SOCI 110	General Sociology	3

NATURAL AND PHYSICAL SCIENCES — 4 CREDIT HOURS

BIOL 230	Principles of Biology with Lab	4
----------	--------------------------------	---

CUKC SPECIFIC COURSES — 6 CREDIT HOURS

SOCI 210	Race & Ethnicity	3
HIST 210	History and Philosophy of Biological Sciences	3

CORE REQUIREMENTS — 26 CREDIT HOURS

HSCI 102	Health Science Terminology	1
BIOL 250	Anatomy & Physiology I with Lab	4
BIOL 251	Anatomy & Physiology II with Lab	4
CHEM 141	Introduction to Chemistry	4
CHEM 240	General Chemistry I with Lab	4
CHEM 242	General Chemistry II with Lab	4
PHYS 220	Physics I with Lab	5

TOTAL HOURS 60

CUKC offers courses online, on campus, and in hybrid format.

LEARNING OUTCOMES

After earning their A.A. degree, students will be able to:

- ◆ Recognize the connection of information from various disciplines to biological phenomena.
- ◆ Communicate topics in human biology through writing, oral presentation, and audio/visuals.
- ◆ Apply the scientific method through observation and sound scientific theory.
- ◆ Examine the significance of diversity within scientific environments.
